# WELCOME TO NAGOYA

## MESSAGE FROM NAGOYA CITY

Welcome to Nagoya!! The city which you can find lots of charming points! Located in Chubu region, Nagoya is one of the three major cities in Japan like Tokyo and Osaka, and this city is an international city connected to the world due to the availability of international airport and harbor. In Nagoya you can find the heart of the city with skyscraper and the suburb area with factories, which is one of the famous industrial parks in Japan. Being a city which is the origin of three most famous samurai along Japanese history, Nobunaga Oda, Hideyoshi Toyotomi, and Iyasu Tokugawa, Nagoya is also an important city in the history. Nagoya is proud to be a world-class city with both near future technology and historical story. Nagoya is having lots of advanced and special technology, for example an 'ARIMATSU NARUMI SHIBORI' which is a special technique for dyeing from plant, which has been in Japan for 400 years and is now developing on the manufacturing of cars and airplanes. Nagoya is really working actively to develop various creative technology, including the technology of the future, environmental friendly technology such as solar power, and other technology such as digital content. Due to the advanced technology and the reliable companies, the companies in Nagoya are potential to be your business partners. In this Manufacturing Indonesia 2015 Exhibition, we really hope that you will be visiting our booth and enjoy the beauty of our city, and at the same time to find potential business partners here.
